OK, since both of you can meet on Thursday, can we say we will meet at EPA front desk at 2:00 PM Thursday, Dec 7th, and either go to the cafeteria or to one of the meeting spaces on your hallway to pow wow on how best to put these samples to use?

Thanks and we will see you then... do you all have to alert security that Melissa is coming to visit or just meet us up front?? If so, please let them know.

Sue and Melissa,

Sorry to have been off the radar - things have been pretty crazy here since June.

I can meet anytime next Thursday.

It looks like you have access to a lot of interesting blood samples from throughout the state **Ex. 5 Deliberative Process (DP)**

Importance: High

Andy and Mark,

Melissa Troester and I are requesting a meeting with you guys next week so that we might discuss the project I talked with you independently about regarding Ex. 5 Deliberative Process (DP). I hope this sounds somewhat familiar!! There are projects that we want to talk to you about, as we think there will be

Ex. 5 Deliberative Process (DP)

Q1. Below is a table of how many samples are available from each NC county, and I know that both of you had thought

These samples were

Well, anyhow, if you have time, could we meet at 2 PM or after on Thursday, Dec 7 or in the AM on Friday Dec 8 (really any time on the 8th, but easier for Melissa to come and see us in the morning and then go to campus)?? We would meet somewhere convenient for you all.

Sue
